REMARKS

The Notice of Drawing Inconsistency with Specification indicated that Figure 25 is contained in the Drawings, but not listed in the Brief Description of the Drawings in the Specification. The specification has been amended herein to include the description regarding Figure 25. Support for the amendment (i.e., insertion of a paragraph) is found at, for example, page 59, lines 6-7 of the present specification. No new matter has been introduced by the amendment.

Applicant believes that an inconsistency now does not exist between the drawings and the Brief Description of the Drawings in the specification.

If the Office of Patent Publication/Publishing Division still has any continuing concerns, he or she is encouraged to telephone the undersigned at 510-663-1100, ext 245.

Respectfully submitted,
